ABOUT THE PROJECT & INNOVATION

Our idea is to create a platform where people are recognized by the projects that they build and the skills that they possess. And to enable brilliant like-minded people to collaborate easily. People or groups can find the necessary skill they require with our platform. We allow talented people to be viewed by other users by posting about their projects and their skills and help them find collaborators for their side-projects and works.

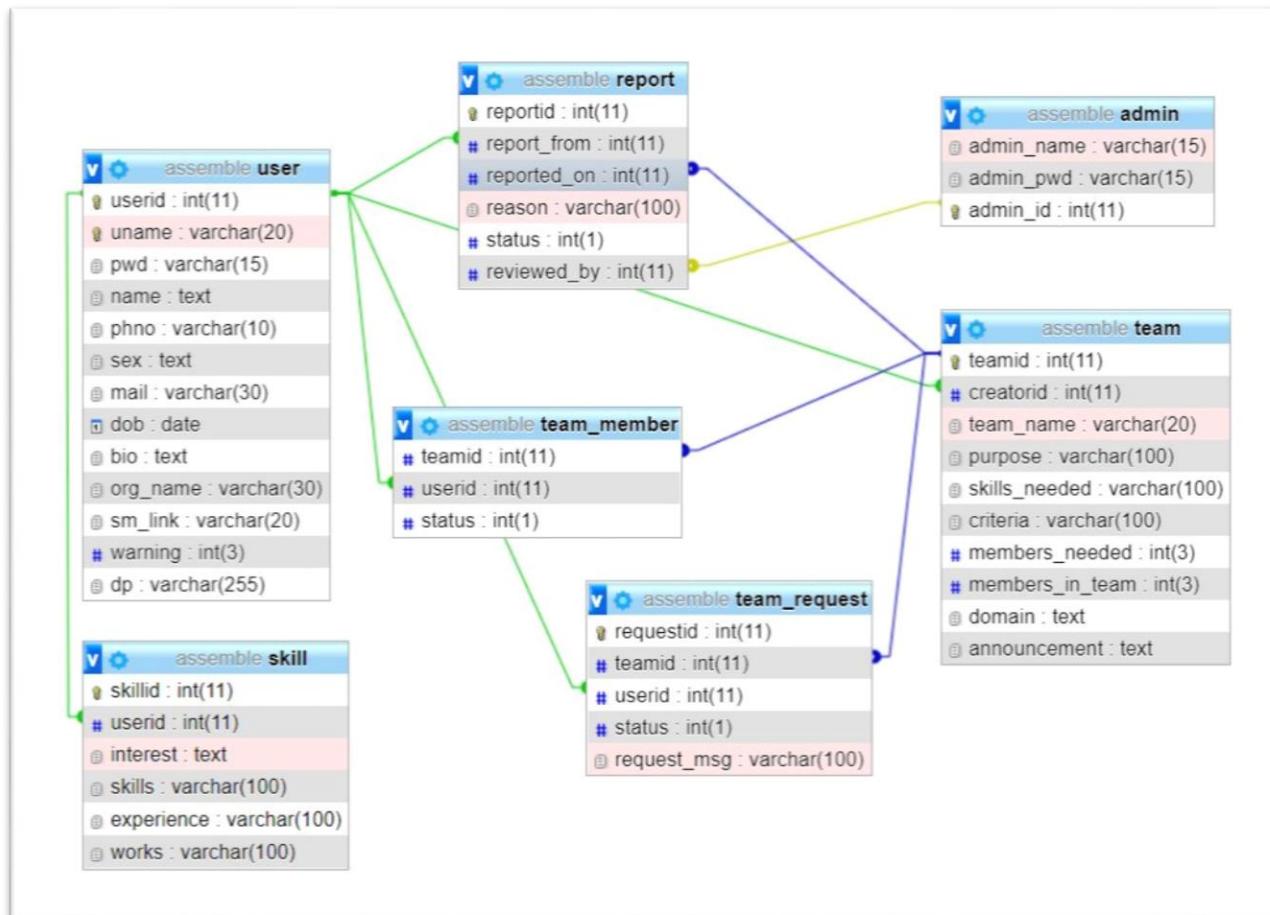

One of the sole barriers to talent identification is not knowing where to search. Whenever small-scale projects happen, people often form teams with known faces and not the right skilled people. Most of the time forming teams with familiar people will end up in a situation where a few members are not interested in the project. The current pandemic showed us that it is possible for humans to stay apart and still innovate through online mode. To adapt to the online mode of networking, ASSEMBLE helps!

ASSEMBLE is the name of the platform we created. It allows users to provide their personal and their skillset information to create their account which can be used by other users to search for the skillset they are looking for. We provide provisions for users to create their own team which can be viewed by others and interested users can send request to join which will be reviewed by the team creator based on their user profile.

Users can also report other users by providing necessary reasons which will be reviewed by the reviewer and the user will be flagged if found guilty. Flagging will appear on the user profile and thus makes the platform to be a safe place to find the right person for your projects.

The platform is built such that team creators can instruct their team members and thus allows communication between users. It primarily focuses on providing services for users to pursue their passion and to do side projects in a more informal way based on pure talent and the spirit of collaboration.

TABLE - USER

STRUCTURE

The screenshot shows the 'Structure' tab for the 'user' table in the 'assemble' database. The table has 13 columns:

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action
1	userid	int(11)	utf8mb4_general_ci	No	None		AUTO_INCREMENT		Change Drop More
2	uname	varchar(20)	utf8mb4_general_ci	No	None				Change Drop More
3	pwd	varchar(15)	utf8mb4_general_ci	No	None				Change Drop More
4	name	text	utf8mb4_general_ci	No	None				Change Drop More
5	phno	varchar(10)	utf8mb4_general_ci	No	None				Change Drop More
6	sex	text	utf8mb4_general_ci	No	None				Change Drop More
7	mail	varchar(30)	utf8mb4_general_ci	No	None				Change Drop More
8	dob	date		No	None				Change Drop More
9	bio	text	utf8mb4_general_ci	Yes	NULL				Change Drop More
10	org_name	varchar(30)	utf8mb4_general_ci	Yes	NULL				Change Drop More
11	sm_link	varchar(20)	utf8mb4_general_ci	Yes	NULL				Change Drop More
12	warning	int(3)		Yes	0				Change Drop More
13	dp	varchar(255)	utf8mb4_general_ci	No	avatar.png				Change Drop More

Below the table structure, there is a section for 'Indexes' with one entry:

Action	Keyname	Type	Unique	Packed	Column	Cardinality	Collation	Null	Comment
Edit Drop	PRIMARY	BTREE	Yes	No	userid	12	A	No	

INSTANCE

The screenshot shows the 'Data' tab for the 'user' table in the 'assemble' database. The table contains 16 rows of data:

TABLE - TEAM_MEMBER

STRUCTURE

The screenshot shows the 'Structure' tab for the 'team_member' table in the 'assemble' database. The table has three columns: 'teamid' (int(11)), 'userid' (int(11)), and 'status' (int(1)). There are two indexes: 'member_fk_user' (BTREE) on 'userid' and 'member_fk_team' (BTREE) on 'teamid'. The status column has a value of 1, indicating current members.

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action
1	teamid	int(11)			No	None			Change Drop More
2	userid	int(11)			No	None			Change Drop More
3	status	int(1)			No	None			Change Drop More

Indexes

Action	Keyname	Type	Unique	Packed	Column	Cardinality	Collation	Null	Comment
Edit Drop	member_fk_user	BTREE	No	No	userid	14	A	No	
Edit Drop	member_fk_team	BTREE	No	No	teamid	14	A	No	

INSTANCE

The screenshot shows the 'Browse' tab for the 'team_member' table. The results of the query 'SELECT * FROM `team_member`' are displayed, showing 14 rows of data. The 'status' column values are 1 or 3, corresponding to the STATUS definitions below.

teamid	userid	status
22	1	1
22	2	3
22	8	1
26	13	1
20	8	1
20	2	1
20	1	1
19	5	1
19	2	1
19	13	1
24	5	1
24	8	1
32	5	3
20	3	1

STATUS: 1 - CURRENT MEMBER

STATUS: 3 - REMOVED FROM TEAM

TABLE - TEAM_REQUEST

STRUCTURE

The screenshot shows the phpMyAdmin interface for the 'team_request' table in the 'assemble' database. The table has five columns: requestid, teamid, userid, status, and request_msg. The 'requestid' column is the primary key (PRIMARY). The 'status' column is of type int(1) with a default value of 0. The 'request_msg' column is of type varchar(100) with a comment 'Hey! I'd like to join your team.' The table has three indexes: 'request_fk_user' (userid), 'request_fk_team' (teamid), and 'requestid' (requestid).

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action
1	requestid	int(11)			No	None		AUTO_INCREMENT	Change Drop
2	teamid	int(11)			No	None		Change Drop	
3	userid	int(11)			No	None		Change Drop	
4	status	int(1)		Yes	0			Change Drop	
5	request_msg	varchar(100)	utf8mb4_general_ci		No	Hey! I'd like to join your team.		Change Drop	

INSTANCE

The screenshot shows the phpMyAdmin interface displaying the data from the 'team_request' table. The table contains 25 rows of data, each representing a team request. The data includes requestid, teamid, userid, status, and request_msg. The status column indicates the current status of the request.

	requestid	teamid	userid	status	request_msg
1	71	22	8	2	Hey! I'd like to join your team.
2	72	20	8	2	I'm a good singer
3	73	22	1	2	Hey! I'd like to join your team.
4	75	23	3	0	Hey! I'd like to join your team.
5	76	22	3	0	Hey! I'd like to join your team.
6	77	19	5	2	I play guitar!
7	78	26	5	1	Hey! I'd like to join your team.
8	79	26	13	2	Hey! I'd like to join your team.
9	80	25	8	3	Hey! I'd like to join your team.
10	81	27	5	0	I'd like to design the webpage
11	82	20	2	2	Hey! I'd like to join your team.
12	83	19	2	2	Hey! I'd like to join your team.
13	84	25	1	0	I'd like to join your team
14	85	20	1	2	Hey! I'd like to join your team.
15	86	19	1	0	Hey! I'd like to join your team.
16	87	22	4	0	I can help with frontend!
17	88	22	2	0	Sorry... Can you add me again?
18	89	19	13	2	Hey! I'd like to join your team.
19	90	24	5	2	Hey! I'd like to join your team

STATUS: 0 - REQUEST PENDING | 1 - REQUEST REJECTED

STATUS: 2 - REQUEST ACCEPTED | 3 - REMOVED FROM TEAM

TABLE - REPORT

STRUCTURE

The screenshot shows the phpMyAdmin interface for the 'report' table in the 'assemble' database. The table has six columns: reportid, report_from, reported_on, reason, status, and reviewed_by. The 'reportid' column is defined as int(11) with AUTO_INCREMENT, while the others are int(11). The 'reason' column uses utf8mb4_general_ci collation. There are three indexes: PRIMARY (reportid), report_fk_from (report_from), and report_fk_on (reported_on). The 'reviewed_by' column is indexed.

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action
1	reportid	int(11)			No	None	AUTO_INCREMENT		Change Drop More
2	report_from	int(11)			No	None			Change Drop More
3	reported_on	int(11)			No	None			Change Drop More
4	reason	varchar(100)	utf8mb4_general_ci		No	None			Change Drop More
5	status	int(1)			No	None			Change Drop More
6	reviewed_by	int(11)			No	None			Change Drop More

INSTANCE

The screenshot shows the phpMyAdmin interface for the 'report' table in the 'assemble' database. A query is run: 'SELECT * FROM `report`'. The results show one row with reportid 8, report_from 5, reported_on 32, reason 'Careless usage of words and covid patients are inv...', status 0, and reviewed_by 1989. The status is noted as 'Careless usage of words and covid patients are inv...'. The table structure is identical to the one shown in the Structure view.

reportid	report_from	reported_on	reason	status	reviewed_by
8	5	32	Careless usage of words and covid patients are inv...	0	1989

STATUS: 0 - REVIEW PENDING | 1 - REPORT DISMISSED

STATUS: 2 - WARNING GIVEN FOR TEAM CREATOR

TABLE - ADMIN

STRUCTURE

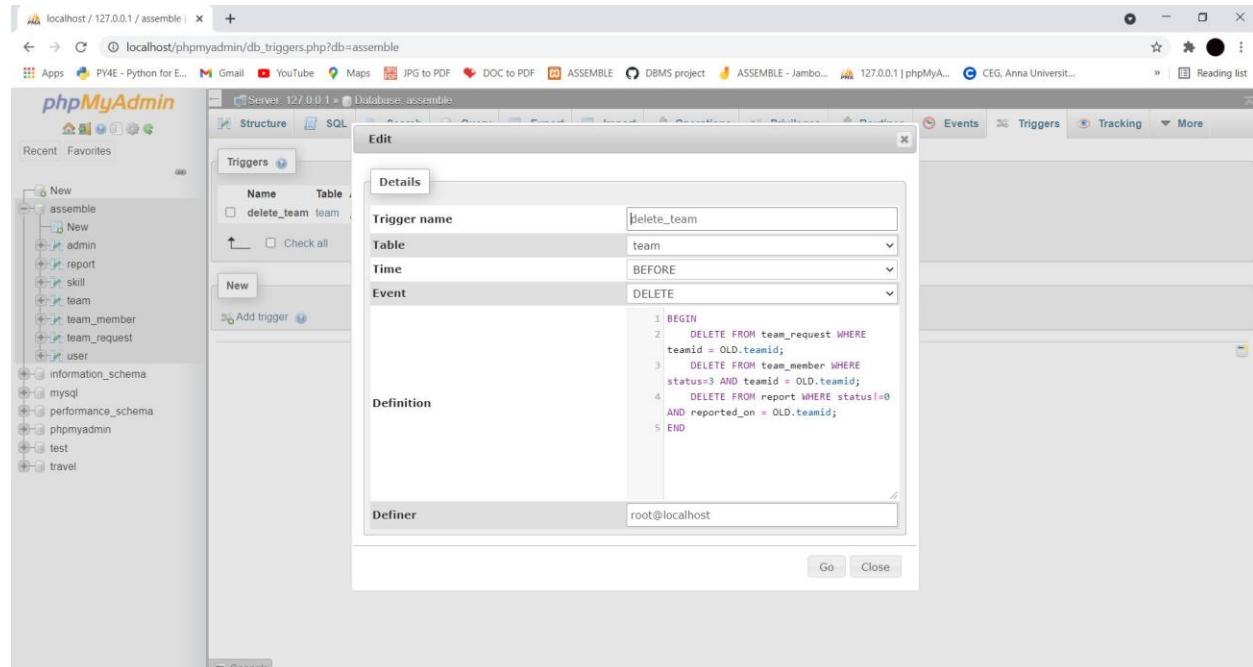

The screenshot shows the phpMyAdmin interface for the 'admin' table in the 'assemble' database. The 'Structure' tab is selected. The table has three columns: 'admin_name' (varchar(15), utf8mb4_general_ci, No, None), 'admin_pwd' (varchar(15), utf8mb4_general_ci, No, None), and 'admin_id' (int(11), No, AUTO_INCREMENT). An index named 'PRIMARY' is defined on the 'admin_id' column. The 'Indexes' section shows this index. The 'Partitions' section indicates 'No partitioning defined!'. The 'Information' section contains a 'Console' link.

INSTANCE

The screenshot shows the phpMyAdmin interface for the 'admin' table in the 'assemble' database. The 'Structure' tab is selected. A green message bar at the top says 'Showing rows 0 - 0 (1 total). Query took 0.0005 seconds.' Below it, a SQL query 'SELECT * FROM `admin`' is shown. The results table displays one row: 'admin_name' (admin), 'admin_pwd' (admin), and 'admin_id' (1989). The 'Query results operations' section includes links for Print, Copy to clipboard, Export, Display chart, and Create view.

TRIGGER - DELETE_TEAM

When team is deleted, Reviewed reports, Requests to that team And team_member entries who left the team(status=3) will be deleted.

TRIGGER - REPORT & LEAVE TEAM (BACKEND)

When a user reports & leaves a team, team_member status updated as 3, Request to that team is deleted from team_request table, And, in table team, members_in_team is decremented by 1.

```
$qry = $con->prepare("INSERT INTO report (report_from, reported_on, reason, status, reviewed_by)
    VALUES (?, ?, ?, ?, ?);");
$qry->bind_param("iisii", $userid, $teamid, $report, $i, $adminid);

if($qry->execute()){
    $query = $con->prepare("UPDATE team_member SET status = 3 /*Left the team*/
        WHERE userid = ? AND teamid = ?;");
    $query->bind_param("ii", $userid, $teamid);

    $query2 = $con->prepare("DELETE FROM team_request WHERE userid = ? AND teamid = ?;");
    $query2->bind_param("ii", $userid, $teamid);

    $query3 = $con->prepare("UPDATE team SET members_in_team = members_in_team - 1
        WHERE teamid = ?;");
    $query3->bind_param("i", $teamid);

    if(($query->execute())&&($query2->execute())&&($query3->execute())){
        echo "Reported and Left the team successfully.
    }
}
```

TRIGGER - ACCEPT REQUEST (BACKEND)

Before accepting a request, checks if the user has already been in that team & left it(status=3 in team_member), if so, updates the status to 1. Else, creates new entry. Updates the status of request in team_request table as 2.

```
if($row['members_in_team']==$row['members_needed']){
    echo "Team is ASSEMBLED! <br>Increase \"Members Needed\" via \"Edit Details\" <br>to add new members.";
}
else{
    $res1 = mysqli_query($con,"SELECT * FROM user U WHERE uname = '".$uname."'");
    $row1 = $res1->fetch_assoc();
    $uid = $row1["userid"];

    $res = $con->query("SELECT userid FROM team_member WHERE status = 3 /*Left the team*/
                           AND userid = '".$uid."' AND teamid = '".$teamid."'");
    $count = mysqli_num_rows($res);

    if($count>0){
        $query = "UPDATE team_member SET status = 1 /*Current member*/
                  WHERE userid = '".$uid."' AND teamid = '".$teamid."'";
    }
    else{
        $query = "INSERT INTO team_member (teamid, userid, status)
                  VALUES ('".$teamid."','".$uid."',1)";
    }

    $query2 = $con->prepare("UPDATE team_request SET status = 2 /*Accept request*/
                           WHERE userid = ? AND teamid = ?");
    $query2->bind_param("ii", $uid, $teamid);

    $query3 = $con->prepare("UPDATE team SET members_in_team = members_in_team + 1
                           WHERE teamid = ?");
    $query3->bind_param("i", $teamid);
```

TRIGGER - REMOVE MEMBER (BACKEND)

When team creator removes a member, Entry is deleted from team_member table, Status of request to that team in team_request table is updated to 3, And, in table team, members_in_team is decremented by 1.

```
$uid = $row1["userid"];

$query = $con->prepare("UPDATE team_request SET status = 3 /*Removed from team*/
                           WHERE userid = ? AND teamid = ?");
$query->bind_param("ii", $uid, $teamid);

$query2 = $con->prepare("DELETE FROM team_member WHERE userid = ? AND teamid = ?");
$query2->bind_param("ii", $uid, $teamid);

$query3 = $con->prepare("UPDATE team SET members_in_team = members_in_team - 1
                           WHERE teamid = ?");
$query3->bind_param("i", $teamid);

if(($query->execute())&&($query2->execute())&&($query3->execute())){
    echo "Member Removed.";
}
```

TRIGGER - WARN TEAM CREATOR (BACKEND)

When warning is issued, status of report in report table is updated as 2,
And, warning for team creator in user table is incremented by 1.

```
$res = $con->query('SELECT * FROM report WHERE reportid = "'.$reportid.'" ;');
$row = $res->fetch_assoc();

$res1 = $con->query('SELECT * FROM team T
    INNER JOIN user U
    ON T.creatorid = U.userid
    INNER JOIN skill S
    ON U.userid = S.userid
    WHERE teamid = "'.$row["reported_on"].'" ;');
$row1 = $res1->fetch_assoc();

$qry2 = $con->query("UPDATE report SET status = 2 WHERE reportid = ''.$reportid.''");
$qry3 = $con->query("UPDATE user SET warning = warning + 1 WHERE userid = ''.$row1['creatorid'].'"");

if(($qry2)&&($qry3)){
    echo "Gave Warning.";
```

TRIGGER - UNDO REVIEW (BACKEND)

When report review is undone,

If the current report status is 1(report dismissed), status of report in report table is updated as 0,

If the current report status is 2(warning issued), status of report in report table is updated as 0,
And, warning for team creator in user table is decremented by 1.

```
$res = $con->query('SELECT * FROM report WHERE reportid = "'.$reportid.'" ;');
$row = $res->fetch_assoc();

$res1 = $con->query('SELECT * FROM team T
    INNER JOIN user U
    ON T.creatorid = U.userid
    INNER JOIN skill S
    ON U.userid = S.userid
    WHERE teamid = "'.$row["reported_on"].'" ;');
$row1 = $res1->fetch_assoc();

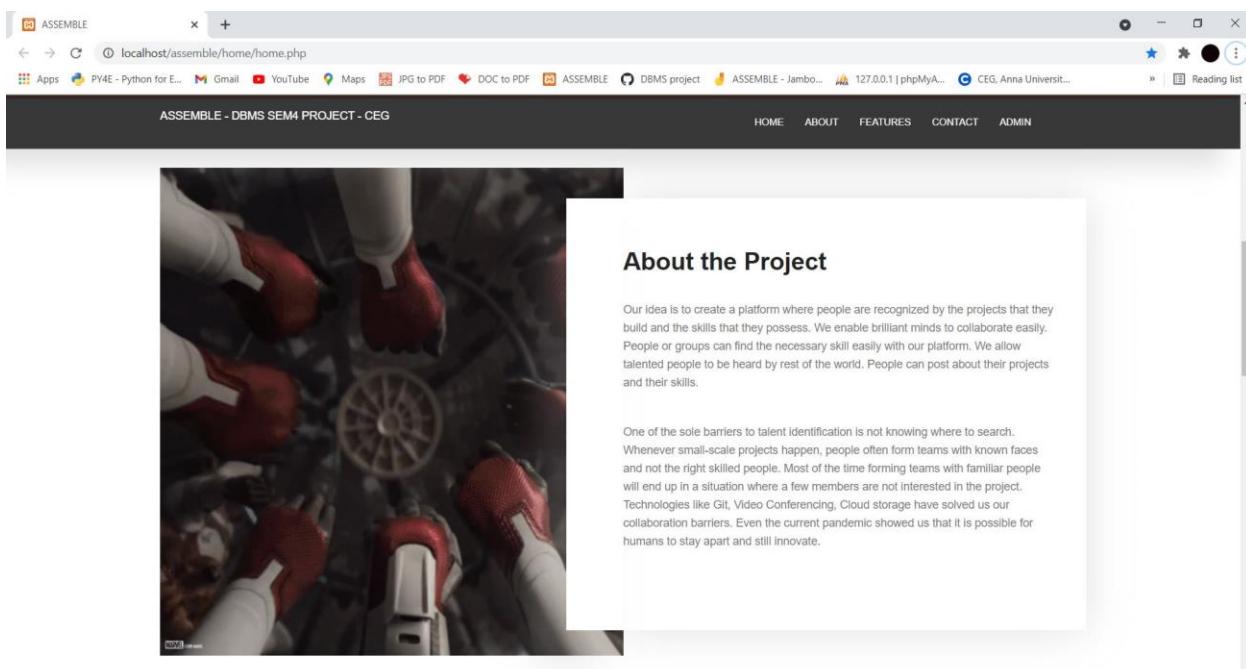

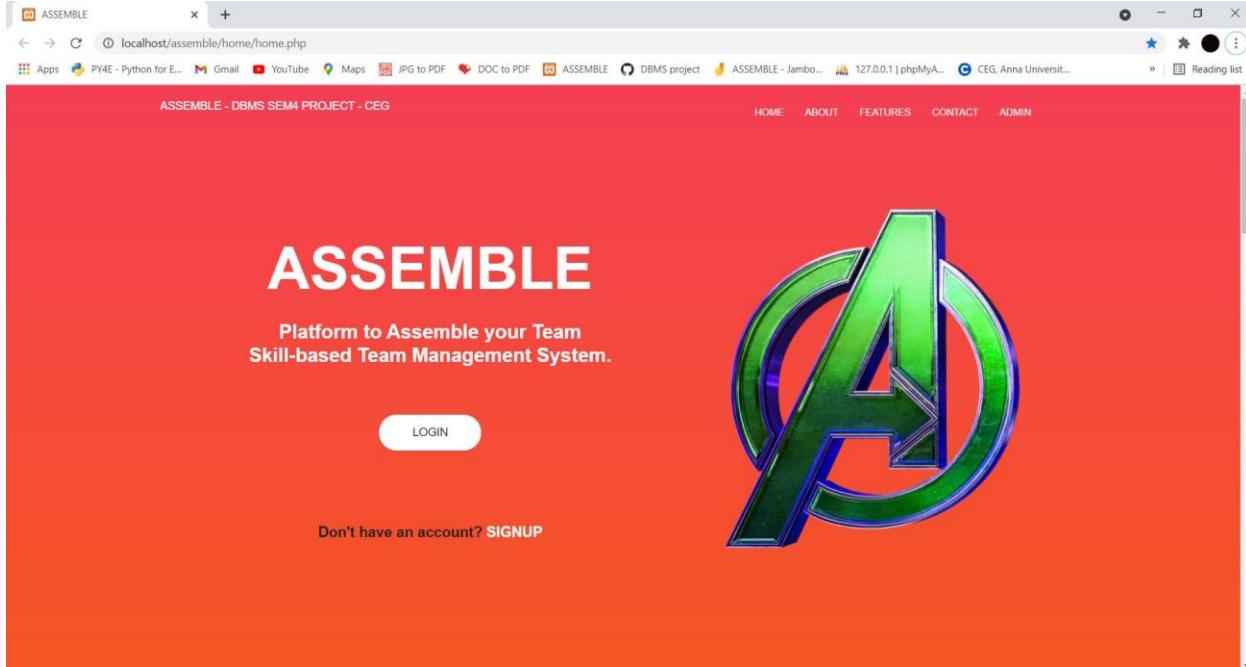

if($row['status']==1){
    $qry2 = $con->query("UPDATE report SET status = 0 WHERE reportid = ''.$reportid.''");

    if($qry2){echo 'Review Pending';}else{echo "Couldn't take action.".mysqli_error($con);}
}

else{
    $qry3 = $con->query("UPDATE report SET status = 0 WHERE reportid = ''.$reportid.''");
    $qry4 = $con->query("UPDATE user SET warning = warning - 1 WHERE userid = ''.$row1['creatorid'].'"");

    if(($qry3)&&($qry4)){echo 'Review Pending';}else{echo "Couldn't take action.".mysqli_error($con);}
}
```

FRONTEND - SCREENSHOTS

ASSEMBLE - DBMS SEM4 PROJECT - CEG

HOME ABOUT FEATURES CONTACT ADMIN

Some Features that Make us Unique

ASSEMBLE provides various domains to create your team. To help others find your team easily, we provide few featured domains too!

Music

Music is a form of art; an expression of emotions through harmonic frequencies. ... Most music includes people singing with their voices or playing musical instruments.

Programming

Programming is the process of creating a set of instructions that tell a computer how to perform a task. It can be done using a variety of computer programming languages.

Film Making

Filmmaking (or, in any context, film production) is the process by which a film is made. Filmmaking involves a number of complex and discrete stages.

Sports

Sport pertains to any form of competitive physical activity or game that aims to use, maintain or improve physical ability and skills while providing enjoyment to participants.

The screenshot shows the homepage of the ASSEMBLE project. At the top, there's a red banner with the word "ASSEMBLE" and a green logo featuring a stylized 'A'. Below the banner, there's a section titled "About the Project" with a thumbnail image showing a person working on a computer. Further down, there's a section titled "Some Features that Make us Unique" with four icons: Programming, Non-linear, Team, and Content. At the bottom, there's a "Contact Us" button and a "Created with" section featuring Bootstrap.

The screenshot shows the sign-up page for the ASSEMBLE project. The background has a blue-to-green gradient. The main form is titled "Sign Up" and contains fields for Name, Username, Phone number, Date of Birth (dd----yyyy), and Email ID. There are also gender selection options (Male/Female) and "Cancel" and "Submit" buttons at the bottom. The URL in the address bar is "localhost/assemble/layerAuthentication/signup.php".

A screenshot of a web browser window titled 'Setup(1/2)' showing the first step of a profile setup. The address bar shows 'localhost/assemble/layerAuthentication/setup_profile_1.php'. The page has a dark purple header with the word 'ASSEMBLE' in white and a 'Logout' button. On the left, there is a dark blue sidebar with a user icon and the handle '@rahul'. The main content area has a teal background. It features a white rounded rectangle with the heading 'Lets setup your profile!'. Inside, there are input fields for 'Organisation Name' (with placeholder 'School/College/University/Workplace') and 'Bio' (with placeholder 'Tell others about yourself!'). Below these is a section for 'Social-media links' with the placeholder 'Help others find you on other platforms!'. At the bottom is a green 'Next' button. To the right of the main content, there are three vertical cards with information: 'Bio: Helps other user to know about you. Make your first impression best.', 'Organisation Name: Helps you find peers from your workplace for easy collaboration.', and 'Social Media Links: Encourages networking by finding users on other social media platforms.'

The screenshot shows the 'My Profile' page of the ASSEMBLE application. At the top, there is a navigation bar with links like 'Dashboard', 'Logout', and other system icons. On the left, there is a sidebar with a user profile picture, the handle '@ad.i.shan', and a 'Dashboard' button. The main content area has a title 'My Profile'. It includes fields for updating the profile picture ('Update DP: Choose File'), a bio ('Bio:' containing '2nd year CSE student. This is my bio! Contact me via my social media.'), contact details ('Phone Number: 2222222222', 'Mail-ID: aditya@gmail.com'), personal info ('Name: Aditya', 'Date of Birth: 04-Oct-2001', 'Organisation Name: College of Engineering Guindy'), and gender selection ('Gender: Male Female'). A 'Save Changes' button is at the bottom.

The screenshot shows the 'Change Password' page of the ASSEMBLE application. The layout is similar to the profile edit page, with a sidebar on the left and a main content area. The main content area has a title 'My Profile' and a 'Change Password' section. It includes fields for 'Current Password', 'New Password', and 'Confirm New-Password'. A 'Save Changes' button is located at the bottom of the form.

ASSEMBLE | Admin localhost/assemble/layer/Admin/adminpage.php

Logout

The screenshot shows the ASSEMBLE Admin dashboard. On the left sidebar, there's a profile icon of a person with glasses and a gear, labeled 'ADMIN'. Below it are navigation links: 'Warned reports' (with a warning icon), 'Dismissed report' (with a trash bin icon), 'Warned Users' (with a user icon), and 'Key Settings' (with a gear icon). The main content area is titled 'Reports' and displays a single report card. The report card has a blue header with the text '@ad.i.shan → Wall painting' and a reason: 'Careless usage of words and covid patients are invited for social work'. A 'Review' button is at the bottom right of the card.

Admin | Review Report localhost/assemble/layer/Admin/api/review.php

Back

The screenshot shows a 'Report #8' modal window. It contains two profiles side-by-side. The left profile is for 'Aditya' (@ad.i.shan), a 2nd year CSE student, with details like Programming as interest, C, C++, Python, HTML, CSS, JS, php as skills, and a GitHub link for works. The right profile is for 'Dhivya' (@dhivya), currently pursuing a bachelors and looking for collaborators, with Artwork as interest, Badminton, Volleyball as skills, and a YouTube link for works. At the bottom of the modal are three buttons: 'Dismiss Report' (red), 'Give Warning' (green), and 'Close' (blue).
